

Pizza and Public Cloud: leveraging SaaS to manage aggressive growth and continuing changing times

Tara Gambill

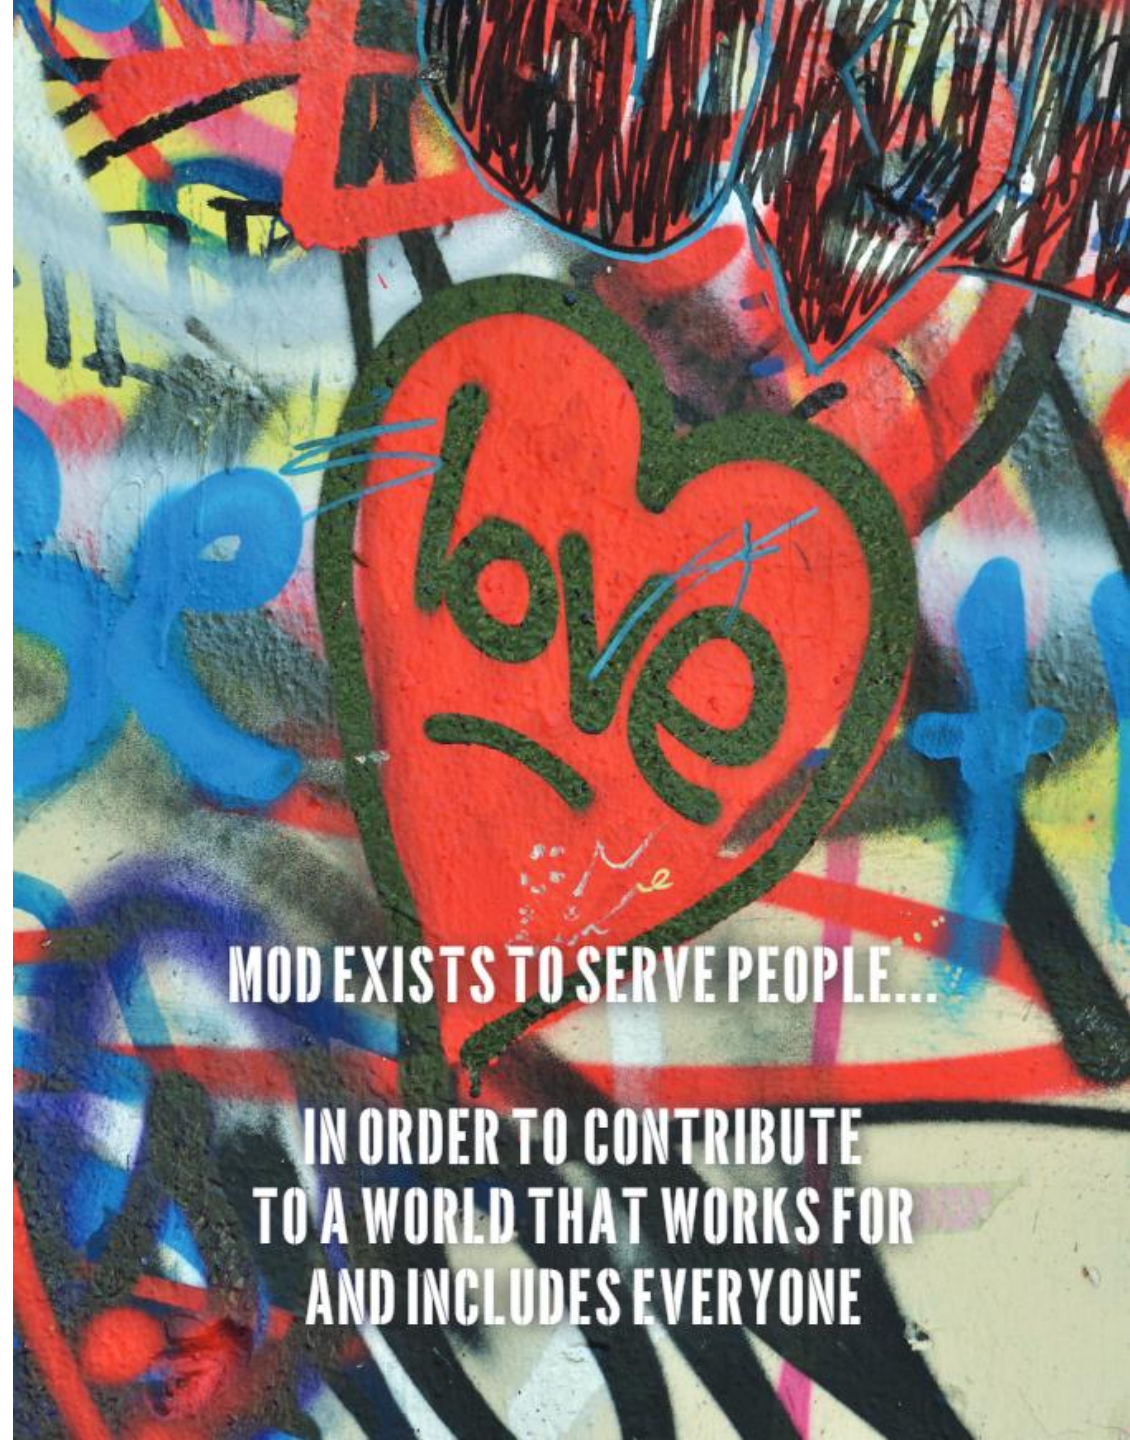

Sr. Director Enterprise Systems
MOD Pizza

Who/What is MOD Pizza?

With a mission to use the business as a platform to make a **positive impact**, we are focused on **providing opportunities** to people who face barriers to steady employment, to **giving back** in big ways.

We exist to **serve people**, to contribute to a world that works for and includes everyone – by **providing community** and **meaningful work** to those who aspire to use business as a platform for changing lives and communities.

- Founded in 2008
- 500+ locations (29 US States + Canada)

An aerial photograph of a white car driving on a two-lane asphalt road that cuts through a dense, lush green forest. The car is positioned in the lower-left quadrant of the frame, moving towards the right. The road has a dashed yellow center line and solid white edge lines. The surrounding forest is thick with various shades of green foliage.

On a journey to find...

Scalability & Security

- Support aggressive growth

Speed

- Implementations & deployments
- Data processing
- Learning

Simplicity

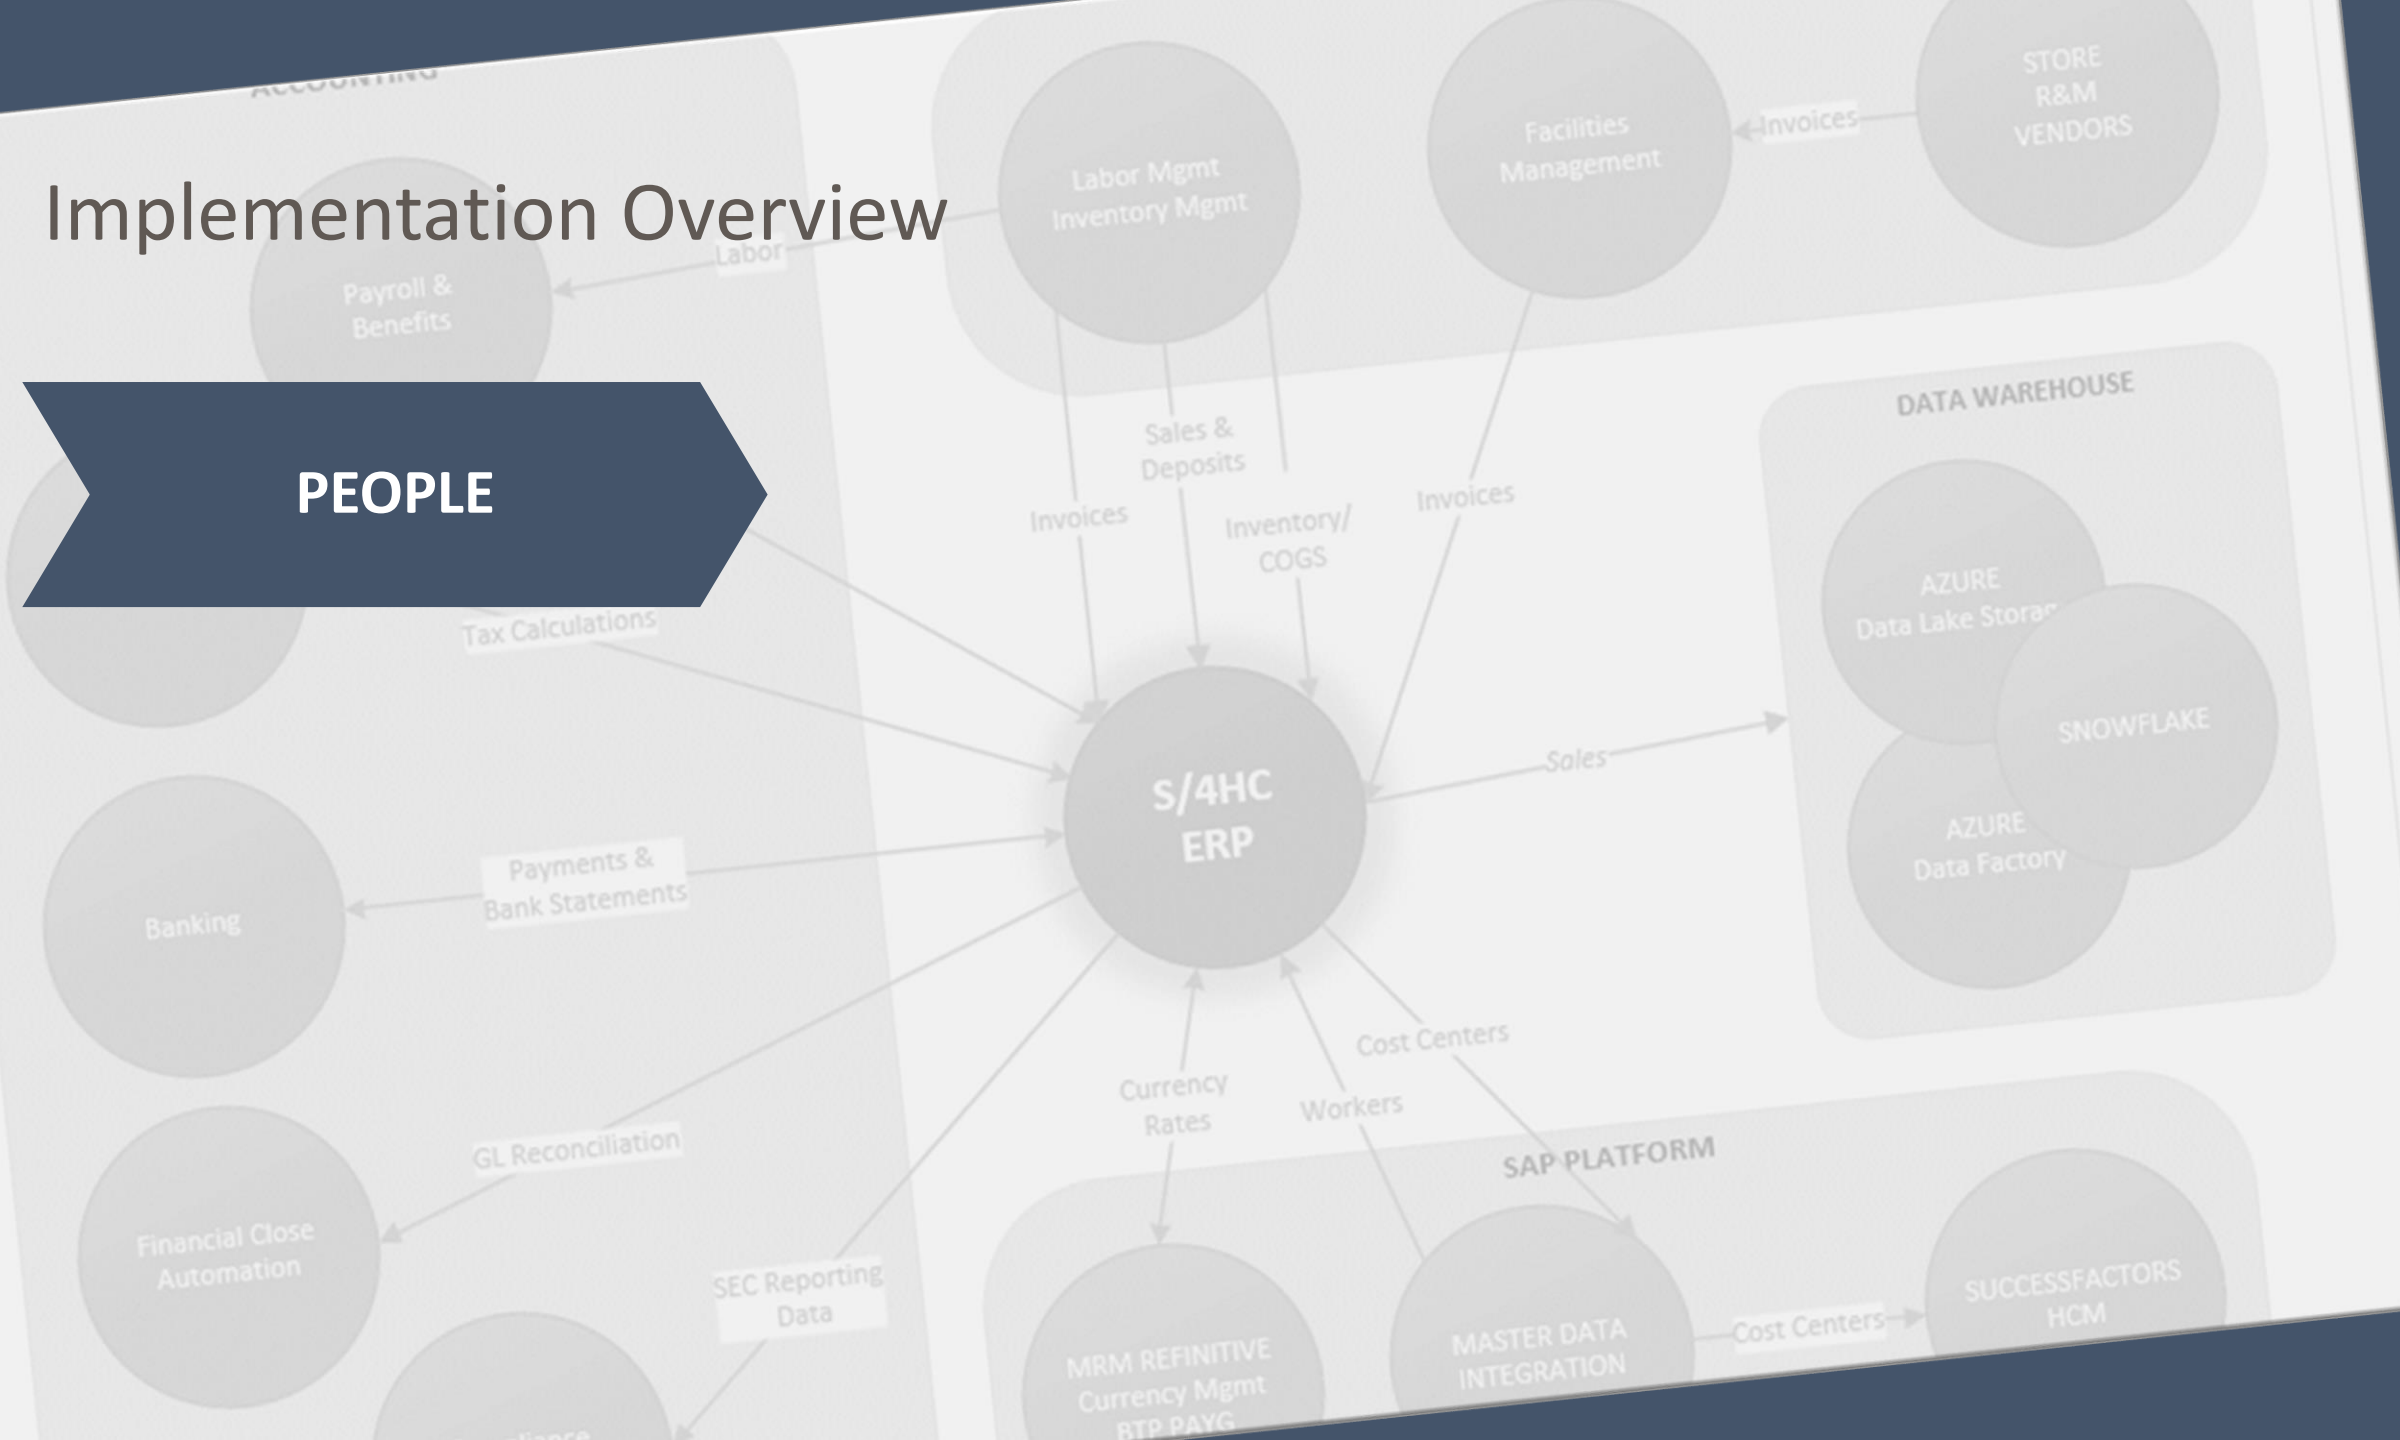

- Control Points & processes
- Easy to use
- Deployment & maintenance

Innovation

- Timely
- Continuous

Implementation Overview

PEOPLE

- Finance & Accounting
- Accounts Payable
- Project Tracking
- Fixed Asset Accounting
- Cap-Ex Procurement

- Recruiting Marketing & Management
- Onboarding
- Employee Central
- Learning Management

- Employee Experience Management
- Vaccine & Testing Manager
- Core XM

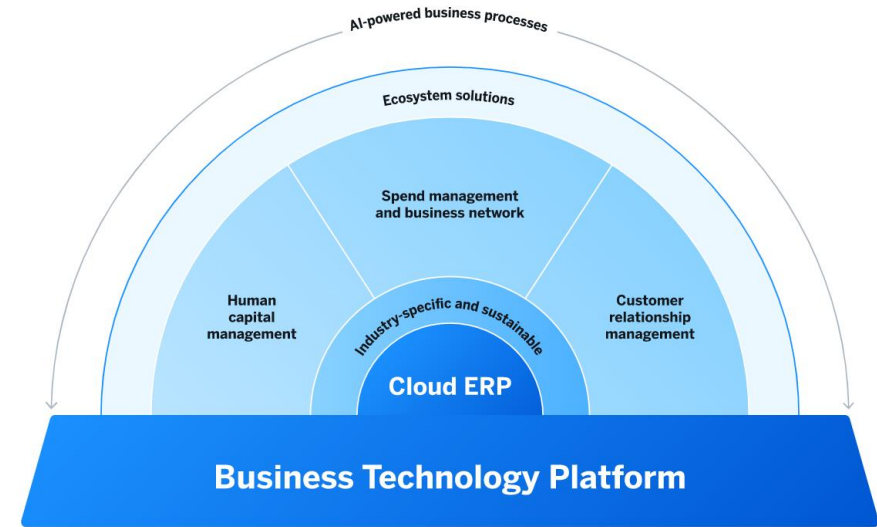

Meet Melissa (Accountant)

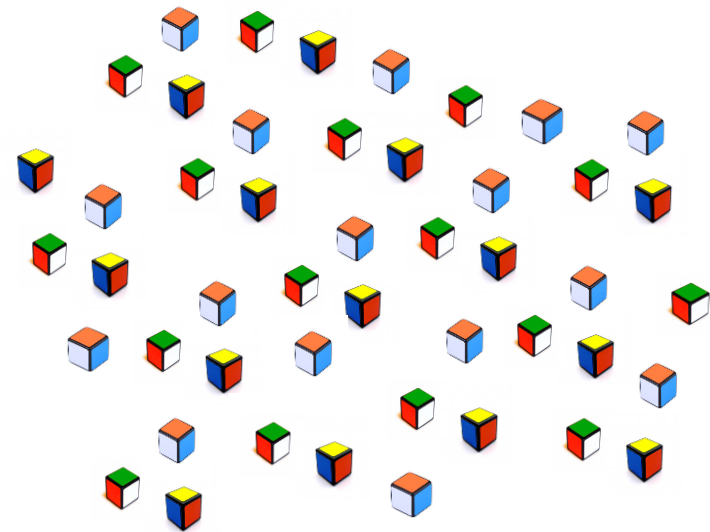

Melissa clicked ~130,800 times over 5 months while waiting for the system to provide the basic ability to filter data as opposed to 'clearing all' while performing bank reconciliation – only one of her many daily activities.

She created a paper chain to count the 'Days 'til NO CLICKING!!!'

XaaS

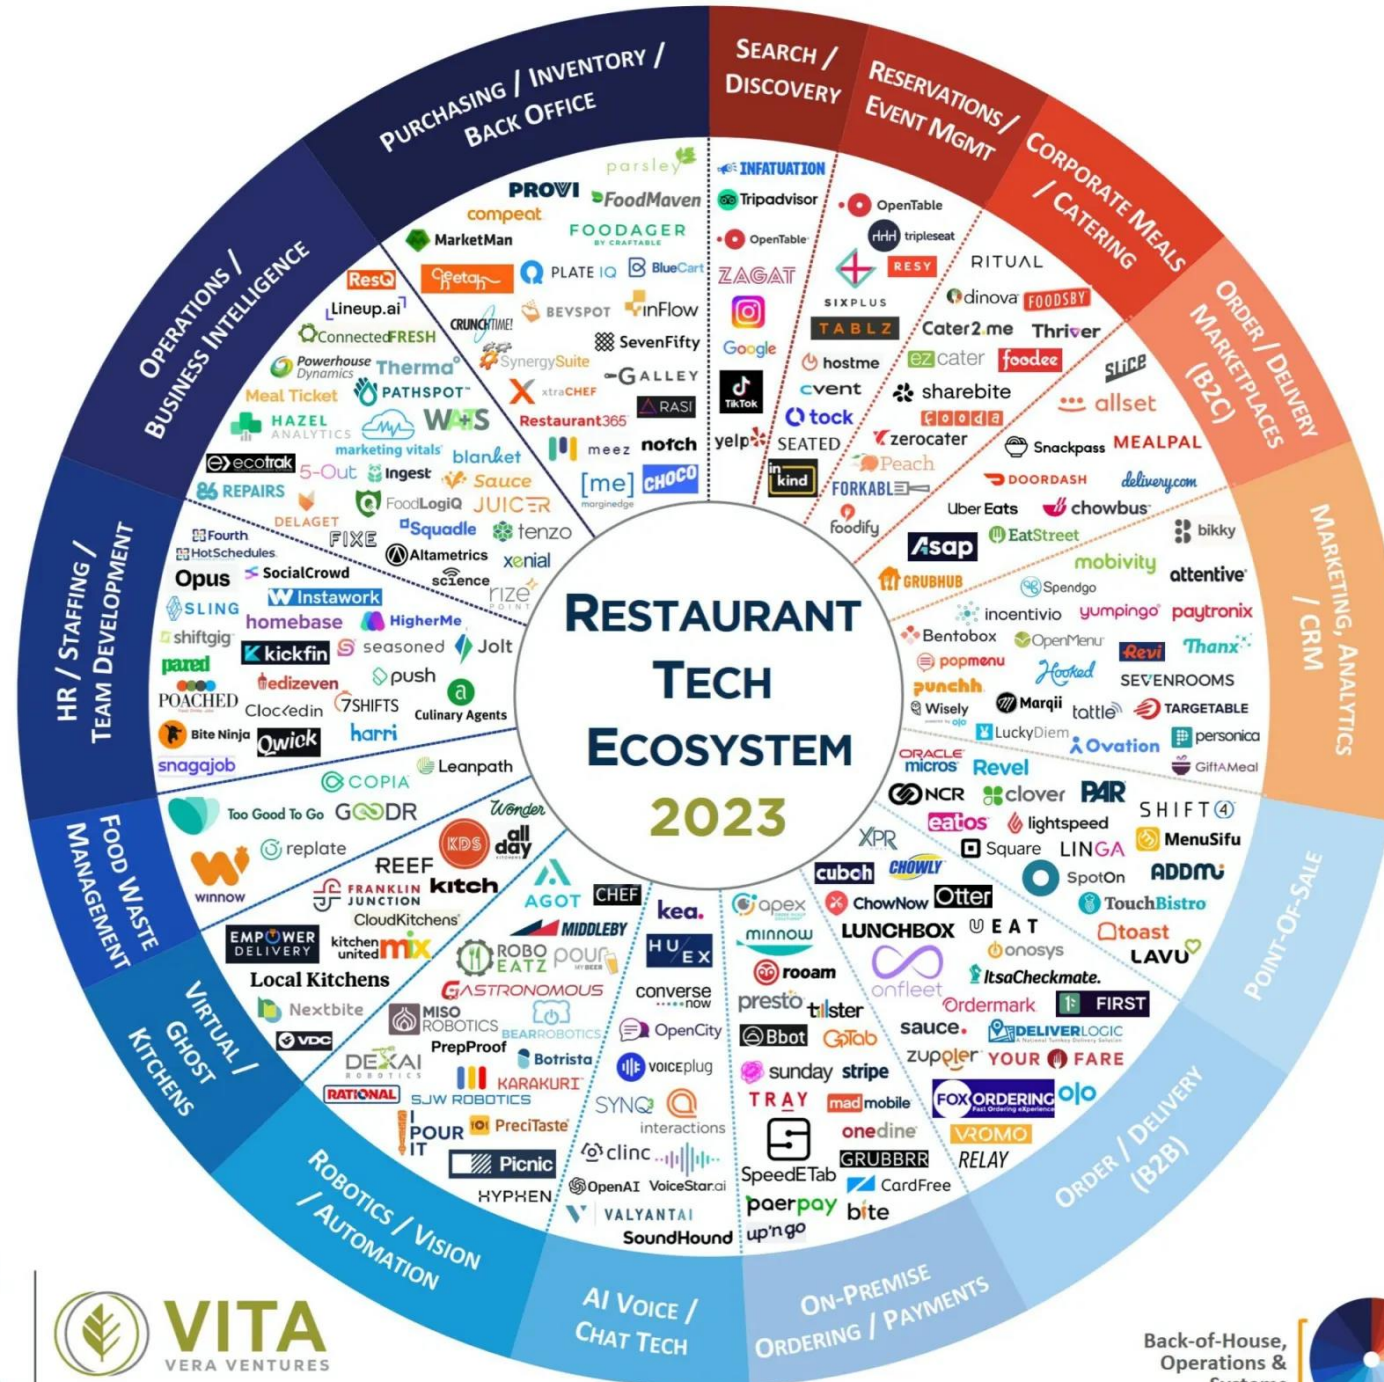

Our choices have exploded

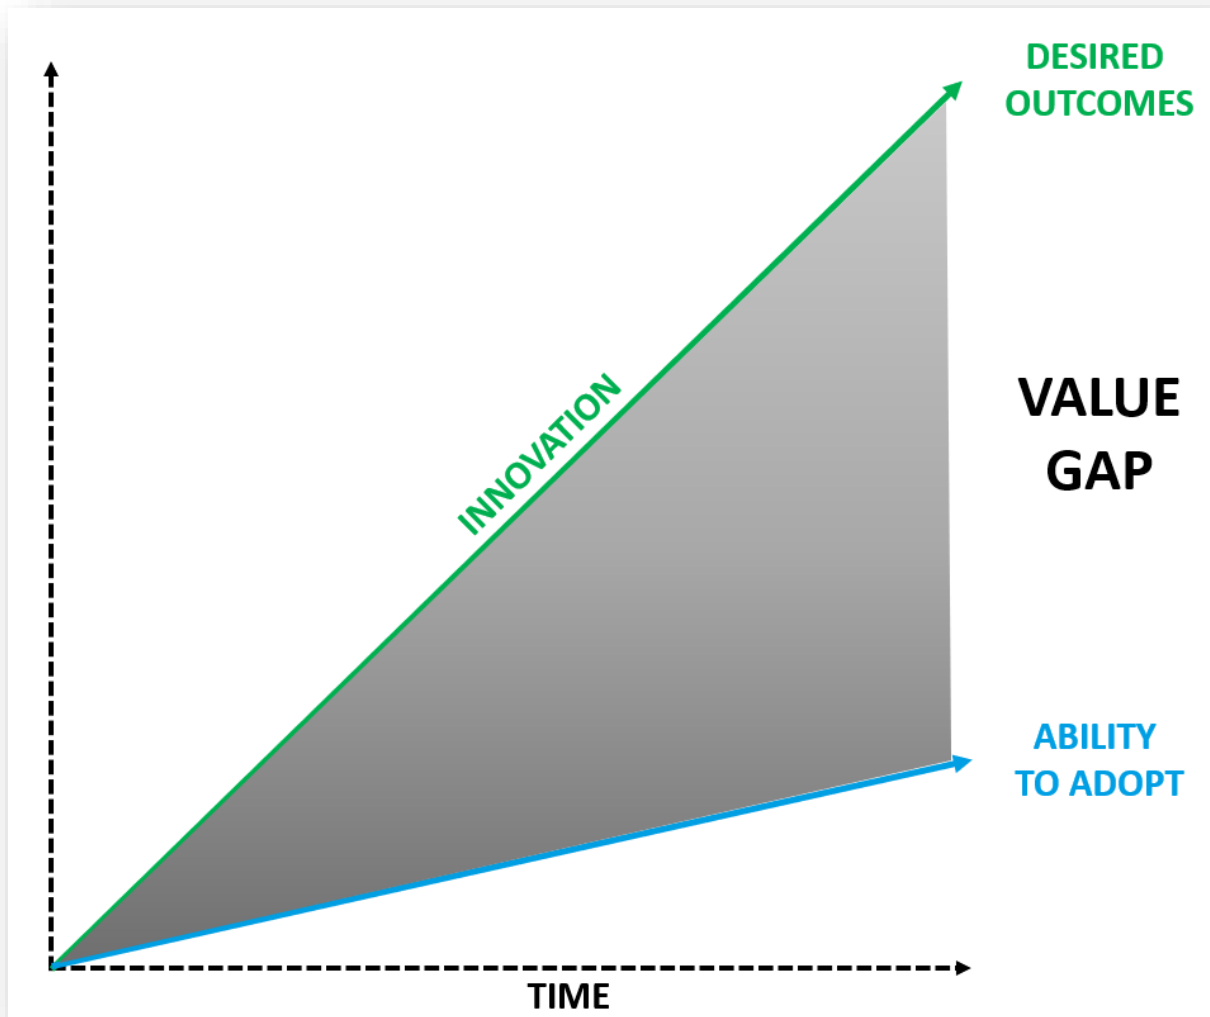

- ~**30,000** SaaS companies
- Globally, ~**14 billion** SaaS customers
- The **US** has the largest proportion of SaaS companies (around **60%**)
- **Salesforce** has the largest SaaS market share at just under **10%**
- Predicted to reach a valuation of **\$307 billion** by 2026
- Currently responsible for around **70%** of company software use. This figure is forecast to rise to **85%** by 2025

SaaS by the numbers

Pace of innovation is accelerating

Gap between desired innovation and ability to ADOPT/ABSORB innovation is growing over time

Tech debt and talent shortage are impeding ROI

Managing the 'Value Gap'
