FAQ

Check out the most common questions related to this mission.

- Q. I am not sure about mail ID linked to my S user ID.
Answer: Please reach out to service@sap.com for assistance
- Q. How do I reach out to Customer Interaction Center for call/mail based support in case I am not able to login?
Answer: Please refer to note <https://launchpad.support.sap.com/#/notes/560499> for more details on call/mail based support.
- Q. I am not able to find the welcome e-mail and don't have login information.
- Q. How do I get support?
- Q. I received a welcome email from SAP scc@sap.com. When I click on the URL and login I get a Message "Our Records indicate that your user does not have an account at this location".
- Q. The user whose name was assigned to account and who received the mail is not available to login? How can someone else login from same Organization?

SAP BTP Reference Architectures

Reference architectures for SAP BTP offer curated template solutions on how to design solution architectures for a particular technology domain on SAP BTP.

A reference architecture consists of:

- Architecture diagram
- Guiding information
- Related services and missions

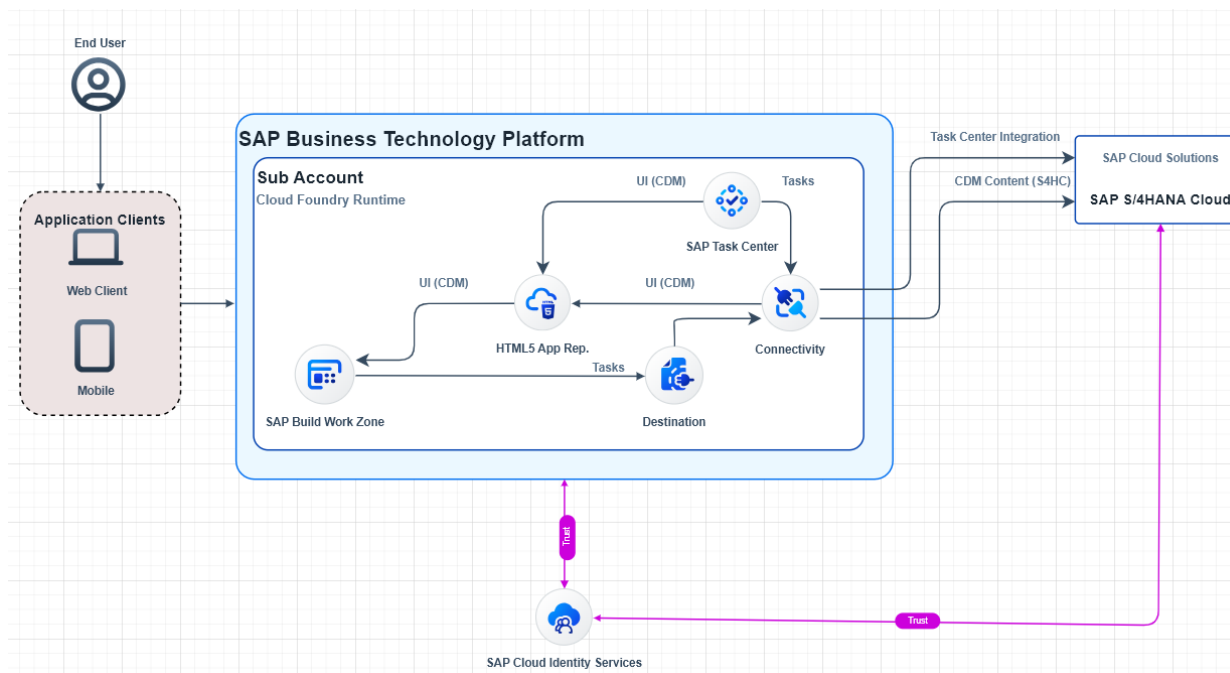

New SAP BTP Solution Diagram Design

Refreshed experience of SAP BTP solution diagrams based on new Horizon theming

Updated SAP BTP solution diagram includes

- Comprehensive library of SAP BTP and generic SAP icons as open source
- Updated SAP BTP solution diagram guideline
- Support of draw.io as diagramming tool, including libraries

Reference architecture diagrams will follow this new design guideline

- Q&As

SAP BTP: First contact

The image illustrates the first contact with SAP BTP. In the foreground, a laptop displays the **SAP BTP Cockpit** interface. The left sidebar shows navigation options: Overview, Services, HTML5 Applications, Connectivity, and Security. The main content area shows the 'Subaccount:' configuration page with a table of services and their plans.

Service	Plan	Assign Quota ⓘ
Application Autoscaler	standard ⓘ	
Application Logging Service	lite ⓘ	
Audit Log Management Service	default ⓘ	
Audit Log Service API	default ⓘ	
Authorization and Trust Management Service	application ⓘ	
	space ⓘ	

In the background, a large screen displays the **SAP Discovery Center**. It features a grid of service tiles, each represented by a monitor icon. The tiles are arranged in two rows:

- Top row: SAP Build Work Zone, SAP Integration Suite, SAP Analytics Cloud.
- Bottom row: SAP Business Application Studio, SAP Build Process Automation, SAP Datasphere, SAP AI Launchpad.

Below the grid, there are three small black squares indicating more services are available.
