

THE SAPinsider AWARDS APAC 2026

ANNOUNCED NOVEMBER 17, SYDNEY ICC

Award Entry Information

ENTRY DEADLINE – 24 JULY

THE SAPinsider AWARDS APAC 2026

SAPinsider, the parent company of Mastering SAP, has been the independent leader in informing, educating, and connecting the SAP user community for more than 20 years. Now we are elevating the stories of our members and partners - recognising excellence for the work they have done and the results they have achieved over the past year.

The **SAPinsider Awards APAC 2026** will be presented during a gala awards celebration on the evening of 17 November 2026 at Sydney ICC. We will honour our finalists and winners across seven categories while attendees enjoy reception, dinner, music, and more.

The Awards are a standalone event held alongside Mastering SAP Collaborate, an SAP TechEd on Tour event, Sydney 2026. All event delegates can attend the Awards at reduced gala ticket prices.

Seven Award Categories

Project / Customer of the Year Awards

ERP Transformation Project of the Year

Highlighting the most successful SAP migration projects that drove measurable operational excellence and demonstrated exceptional execution, stakeholder engagement, and business outcomes.

Digital/Cloud Transformation Project of the Year

Awarding the SAP customer organisations that best leveraged cloud technologies and/or delivered data-modernisation projects to improve operations, drive agility, deliver seamless access to mission-critical business data, and unlock new business potential.

AI-Powered Innovation Project of the Year

Recognising SAP customers that accelerated transformation by boldly adopting artificial intelligence, machine learning, or automation technologies to innovate business models, processes, or customer experiences.

Cybersecurity Project of the Year

Honoring the SAP customers that leveraged technologies and processes to significantly improve security in the enterprise and transform the security landscape in their enterprises.

Innovation Vanguard - Customer of the Year

Celebrating organisations that successfully completed an innovative enterprise tech initiative that modernised the business and directly delivered outstanding business value, growth, or operational improvements.

People Behind the Work Awards

SAP Woman of Impact

Honoring the most impactful women in the SAP ecosystem whose achievements, leadership, and commitment to both the SAP community and to empowering women in tech, inspires and motivates her colleagues both inside and outside her organisation.

Next-Generation Leader of Impact

Recognizing the emerging leaders who demonstrate impactful contributions to the SAP community through innovative solutions, inspiring others, impacting their organisations or communities, and promoting a culture of excellence.

Submission Criteria for Project / Customer of the Year Awards

- You are welcome to submit multiple entries. There is no cost to enter.
- Submissions must be APAC-centric (Australia & New Zealand, India, Japan, Korea, Southeast Asia, Greater China)
- Please focus on the customer's story. If you're a partner, the customer must be the star in your submission. We will recognize you as the partner that helped deliver the project.
- Customer project submissions must be APAC-centric and completed within the last 18 months (from 1 January 2025 forward).
- Please share details about the project itself, the before/after states, the results, and impacts on the business. Judges will consider the following criteria - measurable operational excellence, quality of execution, stakeholder engagement, business outcomes and strategic impact, use case clarity & creativity, and alignment to the spirit of the award category.
- A representative from the customer company that is nominated must attend the gala event to be considered for the final round of judging.
- Each customer company that is a finalist will receive 2 complimentary all-access passes to the Sydney conference, including attendance at the Awards Celebration.

Submission Criteria for People Behind the Work Awards

- You are welcome to submit multiple entries. There is no cost to enter.
- Submissions must be APAC-centric (Australia & New Zealand, India, Japan, Korea, Southeast Asia, Greater China)
- Please focus on the contributions of the nominee and their impact on others. The individual must have worked in APAC within the last 18 months (1 January 2025 forward).
- Judges will consider the following criteria - evidence of them being a person of impact, their achievements and contributions to the SAP community, their success motivating and empowering others, their promotion of a culture of excellence, and the alignment to the spirit of the award category.
- The Nominee must be able to attend the Sydney event in person to be considered for the final round of judging.
- Each nominee that is a finalist will receive 2 complimentary all-access passes to the Sydney conference, including attendance at the Awards Celebration.
